

Sygun Copper Mine offers a rare opportunity for those with a sense of adventure and curiosity, and is suitable for all the family to discover for themselves the wonders of an historic copper mine.

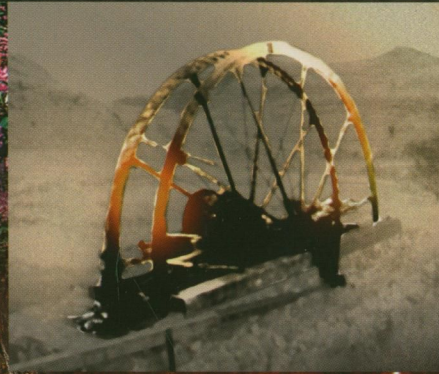

Our self-guided audio-visual tours allow you to explore the old workings on foot, in complete safety. There are winding tunnels and large, colourful chambers and caverns with, magnificent stalactite and stalagmite formations and copper ore veins which contain traces of gold, silver and other precious metals.

Each stage of the mining process is clearly explained by audio presentations in English, complemented by interpretive displays with additional languages including Welsh, French, German, Dutch and Spanish - while special lighting and sound effects contribute in providing a realistic glimpse into the past.

Winner of the Prince of Wales Awards for Tourism, Sygun Copper Mine is one of the wonders of Wales - a remarkable and impressive example of how our precious industrial heritage can be reclaimed, restored and transformed into an outstanding attraction. Situated in the glorious Gwynant Valley the Spiritual Birthplace of Wales where the Red Dragon fought the White Dragon - the heart of the stunning Snowdonia National Park.
